**DEPARTMENT OF ECONOMICS AND STATISTICS,
CHENNAI - 600006**

Preface

The Housing and Building Statistics is a significant parameter in framing policies to lay emphasis on the growth and development of Housing sector of the State and country.

This Annual Report presents information on the Housing & Building projects built under Public Sector in Tamil Nadu during the year 2021-22. It highlights the main aspects of housing and building such as (i) stage of construction, (ii) type of buildings, (iii) Dwelling Units category and (iv) Plinth Area and Floor Area of Residential and Non-Residential Buildings.

As per the guidelines / instructions issued by National Buildings Organisation, Ministry of Housing and Urban Affairs, New Delhi, the data on Housing & Buildings is collected from different sources using the formats designed by NBO.

The support of the following Government agencies for providing timely information is highly acknowledged. Public Works Department, Tamil Nadu Housing Board, Tamil Nadu Slum Clearance Board, Tamil Nadu Adi Dravidar Housing Development Corporation, Tamil Nadu Electricity Board, Tamil Nadu Water Supply and Drainage Board, Public Sector undertakings and from all local bodies i.e., Panchayat Unions, Corporations and Municipalities.

I hope this report will be useful to Government Departments, Planners, Researchers and others interested in the Housing Sector.

Suggestions and comments are invited from the users of this report for improving the contents in the forthcoming publications.

HOUSING AND BUILDING CONSTRUCTION UNDER PUBLIC SECTOR IN TAMILNADU FOR THE YEAR 2021-22

Introduction:

Housing and construction sector is one of the most important component of economy. Housing and Building Statistics provides the basic statistical data for economic and statistical analysis to meet the needs of economic planning, monitoring, implementation and evaluation of progress of the construction activity. It is important and necessary for computing national accounts purposes.

Scope & Coverage:

The collection and compilation of data on Housing & Buildings built by public sector in Tamil Nadu provides data on new construction as well as additions to the existing buildings in the State. The data is collected every year from various Government construction agencies like *Public Works Department, Tamil Nadu Housing Board, Tamil Nadu Slum Clearance Board, Tamil Nadu Adi Dravidar Housing Development Corporation, Tamil Nadu Electricity Board, Industries and Commerce Department, Tamil Nadu Water Supply and Drainage Board, Public Sector undertakings, and from all local bodies i.e., Panchayat Unions, Corporations and Municipalities.*

The National Buildings Organisation, Ministry Urban Affairs, New Delhi, has modified the housing schedule in abridged form by combining the previous two schedules. Since 2007-08, the combined schedule has been used for collection of data on housing and building construction activities of public sector and private sector.

The NBO, MoHUA, New Delhi has implemented Urban Statistics for Human Resources and Assessments (USHA), a Central Sector Scheme and developed 'Building Related Information and Knowledge System (BRIKS)' software, an online Management Information System (MIS) for online submission of data on housing & building construction and related activities. In compliance with the BRIKS software under USHA Scheme, a Data Entry software was developed at the Headquarters of Department of Economics and Statistics, Tamil Nadu and the same has been communicated to all District offices for data entry.

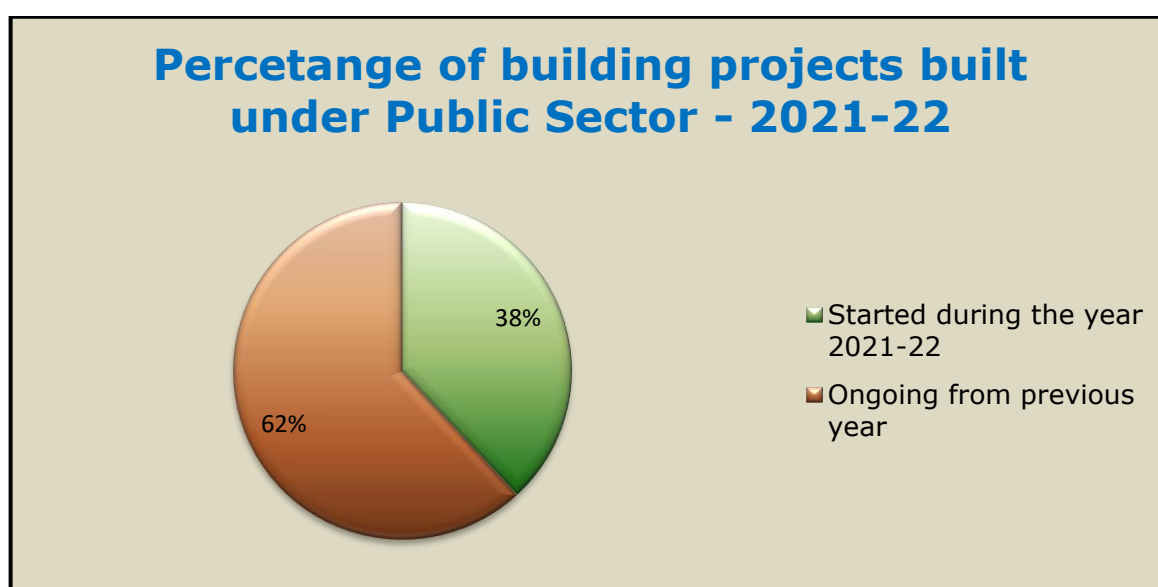

In public sector, the data canvassed in all cases where the total cost of the projects undertaken (new or continuing) during the financial year is more than **Rs.25.00 lakhs**. The filled-in schedules received from the above agencies for the year ended 31.03.2022 have been processed and the details presented in the tables annexed.
